

Sensibulle fraise-framboise

MY SHOWER GEL

Fruity shower
High tolerance
Soap-free and sulphate-free

High tolerance shower gel certified organic, specifically designed for children. Without soap or sulphated surfactants, it cleanses children's skin without drying it out. A wave of strawberry-raspberry freshness that makes showering a moment of fruity pleasure.

How I use it ?

I take a little shower gel in my hand, lather it all over my body and then rinse.

How does it work ?

- Organic raspberry water, rich in omega 3, has nourishing, repairing and soothing properties. It strengthens the skin's barrier.
- The gentle surfactants in the Sensibulle formula (coco glucoside, decyl glucoside, cocamidopropyl betaine) gently cleanse the skin without drying it out. Vegetable glycerin has moisturising and skin-softening properties.
- Organic aloe vera contains numerous vitamins. It has purifying, cleansing and soothing properties. It relieves sensitive and irritated skin.
- Organic apricot oil has toning properties and softens the driest skin. It also reinforces the hydrolipidic film and protects the skin from dehydration.
- Yoghurt powder is rich in proteins, calcium and vitamin B12. It brings moisture, suppleness and elasticity to the skin.

The result :

My skin is gently cleansed. It is soft, supple and comfortable. It is wrapped in a pleasant strawberry and raspberry scent.
