

So Solaire

MY AFTER SUN GEL

HYDRATING, SOOTHING AND REFRESHING

Face & Body

Light and refreshing gel texture
Soothes sunburn
Rehydrates the skin after sun exposure

Certified organic after-sun care, specifically designed for children.
Formulated with apricot oil and aloe vera, it has a light and melting jelly texture.
It provides an immediate sensation of freshness, soothes feelings of overheating and effectively rehydrates the skin after sun exposure.
The skin is soft, comfortable and protected from dryness.

How do I use it ?

After sun exposure, I apply my after-sun gel on my clean and dry skin, on my body and my face. I massage to make penetrate.

How does it work ?

- The organic aloe vera is rich in vitamins, minerals, amino acids, polysaccharides... it has a hydrating, soothing and anti-inflammatory action. It allows to reduce the sensations of heating after an exposure to the sun.
- Organic apricot oil, rich in unsaturated fatty acids, penetrates the skin very easily without leaving a greasy film. It nourishes and protects the skin from drying.
- The organic bisabolol is resulting from the distillation of the essential oil of Candeia. It has soothing, anti-inflammatory, repairing and antioxidant properties. It allows to fight against irritations and redness of the skin, which makes it an active particularly adapted to the sensitive skins.
- The organic hydrolat of peppermint has a calming and refreshing effect. It soothes sunburns.
- The vegetable glycerin has hydrating and softening properties for the skin.
- The sodium PCA is a moisturizing agent naturally present in the NMF (Natural Moisturizing Factor) of the skin.
- Betaine is a moisturizing and soothing agent derived from beets. It protects the skin from irritations.
- The Filmo-Protect Complex, inspired by the composition of sebum, envelops the skin in a protective shield and protects it from drying out. It is composed of three vegetable oils:
- Organic coconut oil is rich in fatty acids, particularly lauric acid. It has moisturizing, nourishing and softening properties.
- Organic raspberry seed oil is rich in fatty acids, particularly omega 3 and 6. It has nourishing, soothing and antioxidant properties.
- Olive oil is rich in fatty acids, in particular omega 9, vitamin E and phytosterols. It has antioxidant, emollient and soothing properties.

Proven effectiveness*: 100% satisfied!

The product has a light texture: 100%.
The product has a melting gel texture: 100%.
The product is easy to apply: 100%.
The product is quickly absorbed: 100%

After the first application :
